Subject Index to Volume 19

- Abdominal apoplexy in rheumatoid arthritis, 168
- Academic ischaemia - an unrecognised syndrome, 66
- Activated partial thromboplastin time in the control of heparin treatment, 334
- Acute and chronic arterial occlusions, treatment with streptokinase, 25
- Acute myocardial infarction and streptokinase; rationale and preliminary results of a combined therapeutic trial, 63
- Acute myocardial infarction; thrombolytic therapy in, 66
- Additives, intravenous; problems with, 370
- Alcohol, effects of intravenous, on motility of the duodenum and of the sphincter of Oddi, 24
- Alcoholic cirrhosis; factors influencing prognosis, 232
- Allergic reactions, the current status of IgE in, 366
- Allografts, renal, and their modification of antithrombotic and anticoagulant drugs; the pathogenesis of the vascular and glomerular lesions of rejection, 201
- Anaemia and temporary erythroblastopenia in children; a syndrome, 34
- Anaemia of rheumatoid arthritis; the significance of iron deposits in the synovial membrane, 97
- Angiokeratoma corporis diffusum universale (Fabry's Disease); a case with gross myocardial involvement, 58
- Ankylosing spondylitis and pulmonary aspergilloma; disturbed oesophageal manometric responses, 131
- Antibody, heart-reactive, serum enzymes and isoenzymes in acute rheumatic fever, primary myocardial injury and streptococcal infection, 215
- Anticoagulant and antithrombotic drugs; the pathogenesis of the vascular and glomerular lesions of rejection in renal allografts and their modification, 201
- Antithrombotic and anticoagulant drugs; the pathogenesis of the vascular and glomerular lesions of rejection in renal allografts and their modification by, 201
- Arterial and venous thrombosis; thrombolytic therapy in, 19
- Arterial occlusions, acute and chronic, treatment with streptokinase, 25
- Arthritis rheumatoid; abdominal apoplexy in, 168
- Arthritis rheumatoid; the anaemia of; the significance of iron deposits in the synovial membrane, 97
- Aspergilloma, pulmonary; disturbed oesophageal responses in patients with ankylosing spondylitis and, 131
- Aspirin, ethanol and the stomach, 269
- Aspirin gastrointestinal haemorrhage, gastric ulcer and, 135
- Asthma, bronchial; inhalation and perfusion lung scans in, 304
- Australasian physicians for the future; requirements for training, 382
- Beta-receptor antagonists, 266
- Blood fibrinolysis and coagulation in New Guineans and Australians, 328
- Bronchial asthma, inhalation and perfusion lung scans in, 304
- Bulbar muscles, involvement of, in thyrotoxic myopathy, 338
- Carcinoma, medullary thyroid; a functional peptide secreting tumour, 50
- Carcinoma of the stomach; selective deficiency of IgA immunoglobulins, 165
- Cardiac pacing, electrical, in patients without heart block, 220
- Catecholamine excretion with myocardial ischaemia and infarction, 310
- Chronic and acute arterial occlusions, treatment with streptokinase, 25
- Chymotrypsin, faecal; a screening test for pancreatic exocrine insufficiency; measurement of, 47
- Cirrhosis, factors influencing the prognosis of the alcoholic patient with, 232
- Cirrhosis, reversal of, in idiopathic haemochromatosis following long-term intensive venesection therapy, 54
- Coagulation, blood and fibrinolysis in New Guineans and Australians, 328
- Colitis, ulcerative, diabetes mellitus and thyroid disease; report of three cases in young women, 159
- Computers, application to medical records: a computer system for the storage and retrieval of medical records, 16
- ⁵¹Cr-Edetic acid; measurement of glomerular filtration rate using a single injection of, 255
- Cushing's syndrome - a review of the response to treatment in 42 patients, 295
- Diabetes, mellitus; thyroid disease and ulcerative colitis, report of three cases in young women, 159
- Diabetes, "Type J", in New Guinea; studies of insulin release and insulin sensitivity, 111
- Duodenal ulceration; effect of vagotomy on serum gastrin, 240
- Duodenum and the sphincter of Oddi; effects of intravenous alcohol on motility, 24
- Embolism, major pulmonary, streptokinase in the treatment of, experience with twenty-five patients, 54
- Embolism, pulmonary, the rate of resolution of, and its effects on early survival, 46
- Erythematosis, systemic lupus, induced by procaine amide, 358
- Erythroblastopenia, temporary, and anaemia, in children; a syndrome, 34
- Erythromelalgia; a study in, 139
- Ethanol, aspirin, and the stomach, 269
- Fabry's disease; a case with gross myocardial involvement; angiokeratoma corporis diffusum universale, 58
- Fibrin degradation products in thrombotic thrombocytopenic purpura, 350
- Fibrinolysis, blood, and coagulation in New Guineans and Australians, 328
- Fibrinolysis, streptokinase induced, and haemostasis, 4
- Folate absorption and metabolism, 374

Page numbers in *Italics* refer to Supplement 1.

- Gastric ulcer, and aspirin; gastrointestinal haemorrhage, 135
- Gastric juice iron-binding in idiopathic haemochromatosis; *in vivo* intestinal mucosal uptake of iron, body iron absorption and, 226
- Gastrin, serum; effect of vagotomy on, in patients with duodenal ulceration, 240
- Gastrointestinal haemorrhage, gastric ulcer and aspirin, 135
- Glomerular filtration rate, measurement, using a single injection of ⁵¹Cr-Edetic acid, 255
- Glomerular lesions of rejection in renal allografts; and their modification by antithrombotic and anticoagulant drugs, 201
- Gynaecology, and obstetrics; the use of thrombolytic therapy, 28
- Haemochromatosis, idiopathic, following long-term intensive venesection therapy; reversal of "cirrhosis" in, 54
- Haemorrhage, gastrointestinal. gastric ulcer and aspirin, 135
- Haemostasis, streptokinase induced fibrinolysis and, 4
- Heart-reactive antibody, serum enzymes and isoenzymes in acute rheumatic fever, primary myocardial injury and streptococcal infection, 215
- Heparin treatment; activated partial thromboplastin time in the control of, 334
- Histoplasmosis, disseminated, 151
- Hyperlipoproteinaemia; low density lipoprotein peptide metabolism in nephrotic syndrome; a comparison with patterns observed in other syndromes, 1
- Hyperosmolality in leptospirosis, 263
- Hypertension and severe hyperkalaemia associated with suppression of renin and aldosterone and completely reversed by dietary sodium restriction, 287
- IgA deficiency, selective, in carcinoma of the stomach, 165
- IgE in allergic reactions; current status, 366
- Insulin release and sensitivity; "Type J" diabetes in New Guinea, 111
- Intestinal mucosal uptake of iron, *in vivo*, body iron absorption and gastric juice iron-binding in idiopathic haemochromatosis, 226
- Intravenous additives; problems with, 370
- Iron, *in vivo* intestinal mucosal uptake of, body iron absorption and gastric juice iron-binding in idiopathic haemochromatosis, 226
- Lactose intolerance in Australian-born Chinese, 40
- Leber's optic atrophy; a possible example of vertical transmission of a slow virus in man, 259
- Leptospirosis; hyperosmolality in, 263
- Lipoprotein peptide, low density, metabolism in nephrotic syndrome; a comparison with patterns observed in other syndromes characterised by hyperlipoproteinaemia, 1
- Low density lipoprotein peptide metabolism in nephrotic syndrome; a comparison with patterns observed in other syndromes characterised by hyperlipoproteinaemia, 1
- Lung, xanthomatous tumour of the, with identification of lipid content, 362
- Lung inhalation and perfusion scans in bronchial asthma, 304
- Lupus nephritis; prednisolone treatment of; effect of high doses on course of disease, renal function, histological lesions, and immunological reactions, 123
- Measurement of glomerular filtration rate using a single injection of ⁵¹Cr-Edetic acid, 255
- Medical Records; the application of computers to; a computer system for the storage and retrieval, 16
- Medullary thyroid carcinoma; a functional peptide secreting tumour, 50
- Motility of the duodenum and of the sphincter of Oddi; effects of intravenous alcohol, 24
- Myocardial infarction, acute, streptokinase in; rational and preliminary results of a combined therapeutic trial, 63
- Myocardial infarction, acute, thrombolytic therapy in, 66
- Myocardial infarction; incidence of thrombosis in, 60
- Myocardial involvement in angiokeratoma corporis diffusum universale (Fabry's Disease), 58
- Myocardial ischaemia and infarction; catecholamine excretion with, 310
- Myopathy, thyrotoxic; involvement of bulbar muscles, 338
- Nephritis; lupus, and prednisolone treatment, 123
- Nephrotic syndrome; low density lipoprotein peptide metabolism; a comparison with patterns observed in other syndromes characterised by hyperlipoproteinaemia, 1
- Nimmo and the physician, 64
- Obstetrics, and gynaecology; the use of thrombolytic therapy in, 28
- Occlusions, arterial, acute and chronic, treatment with streptokinase, 25
- Oesophageal manometric responses in patients with ankylosing spondylitis and pulmonary aspergilloma; disturbed, 131
- Pacing, electrical cardiac, in patients without heart block, 220
- Pancreatic exocrine insufficiency; the measurement of faecal chymotrypsin; a screening test for, 47
- Peptide secreting tumour; medullary thyroid carcinoma, 50
- Polyarteritis nodosa, 319
- Periodic diseases, physiological rhythms and feedback control - a hypothesis, 244
- Physicians, Australasian, requirements for future training, 382
- Placental transfer and distribution of ¹³¹I streptokinase, 17
- Platelet aggregation, experimental thrombosis and its prevention by drugs, 9
- Polycythaemia vera and chorea, 354
- Prednisolone treatment of lupus nephritis; effect of high doses on course of disease, renal function, histological lesions, and immunological reactions, 123
- Prognosis of the alcoholic patient with cirrhosis, 232
- Protein calorie malnutrition in adolescents, 341
- Pulmonary and systemic venous responses to reduction of venous return, 118
- Pulmonary embolism, major, streptokinase treatment of; experience with 25 patients, 54
- Pulmonary embolism; the rate of resolution of; and its effects on early survival, 46

- Renal allografts and their modification by antithrombotic and anticoagulant drugs; The pathogenesis of the vascular and glomerular lesions of rejection, 201
- Renal impairment; urinary excretion and plasma levels of sulphonamides in patients with, 250
- Rheumatic fever, acute, primary myocardial injury and streptococcal infection; heart-reactive antibody, serum enzymes and isoenzymes, 215
- Rheumatoid arthritis, abdominal apoplexy in, 168
- Rheumatoid arthritis; anaemia of, significance of iron deposits in the synovial membrane, 97
- Rheumatoid synovial membrane; giant cells, cartilage and bone fragments within, clinico-pathological correlations, 105
- Scleroderma; progressive systemic sclerosis, 145
- Sclerosis; progressive systemic (scleroderma), 145
- Serum gastrin in patients with duodenal ulceration; effect of vagotomy, 240
- Sphincter of Oddi, effects of intravenous alcohol on motility of the duodenum and, 24
- Stomach; aspirin, ethanol and the, 269
- Streptococcal infection; heart-reactive antibody, serum enzymes and isoenzymes in acute rheumatic fever, primary myocardial injury and, 215
- Streptokinase, ¹³¹I; distribution and placental transfer of, 17
- Streptokinase, in acute myocardial infarction; rationale and preliminary results of a combined therapeutic trial, 63
- Streptokinase, induced fibrinolysis and haemostasis, 4
- Streptokinase, treatment; dosage regimens for evaluation of a standard dosage schedule, 12
- Streptokinase, treatment of acute and chronic arterial occlusions with, 25
- Streptokinase, treatment of major pulmonary embolism - experience with 25 patients, 54
- Sulphonamides, urinary excretion and plasma levels, in patients with renal impairment, 250
- Systemic sclerosis, progressive; (scleroderma), 145
- Thrombocytopenic purpura, thrombotic; fibrin degradation products in, 350
- Thrombolysis, experimental, historical survey, 2
- Thrombolytic therapy in arterial and venous thrombosis, 19
- Thrombolytic therapy in obstetrics and gynaecology, 28
- Thrombolytic therapy in acute myocardial infarction, 66
- Thromboplastin time, activated partial, in the control of heparin treatment, 334
- Thrombosis arterial and venous, thrombolytic therapy, 19
- Thrombosis experimental, and prevention by drugs that interfere with platelet aggregation, 9
- Thrombosis in myocardial infarction, incidence of, 60
- Thrombotic, thrombocytopenic purpura; fibrin degradation products in, 350
- Thymoma, occult; radiological and radioisotopic aids to diagnosis, 30
- Thyroid disease, ulcerative colitis and diabetes mellitus; report of three cases in young women, 159
- Thyrotoxic myopathy; involvement of bulbar muscles, 338
- Time must have a stop, 280
- Training, requirements, of Australasian physicians for the future, 382
- "Type J" diabetes in New Guinea - studies of insulin release and insulin sensitivity, 111
- Ulcer, gastric, gastrointestinal haemorrhage, and aspirin, 135
- Ulcerative Colitis and diabetes mellitus and thyroid disease; report of three cases in young women, 159
- Urinary excretion and plasma levels of sulphonamides in patients with renal impairment, 250
- Vagotomy, effect of, on serum gastrin in patients with duodenal ulceration, 240
- Vascular and glomerular lesions of rejection in renal allografts, pathogenesis, modification by anti-thrombotic and anticoagulant drugs, 201
- Venesection therapy, long-term intensive; reversal of "cirrhosis" in idiopathic haemochromatosis following, 54
- Venous and arterial thrombosis, thrombolytic therapy in, 19
- Vitamin B₁₂ absorption; a double isotope method to measure, 42
- Xanthomatous tumour of the lung with identification of lipid content, 362
